

The Minnesota Section of the Society of Women Engineers proudly announces our Section and Corporate Partnership

Fall 2016 Scholarship Recipients

A total of 13 tuition-based scholarships, totaling \$19,000, have been awarded. We congratulate the following recipients, and gratefully thank the following corporate sponsors for their partnership in making this program a success! Check out our corporate partners' websites for more information about these great companies.

Banner Engineering Scholarship

- **Madeline Arpin**, an electrical engineering student at the **University of Minnesota Twin Cities**, is the recipient of the **\$2,000 Banner Engineering Scholarship**.
- Banner Engineering is the sensor market leader with the broadest line of products and solutions in the nation. For more information, visit www.baneng.com.

Barr Engineering Scholarship

- **Kathryn Sinner**, a civil engineering student at the **University of Minnesota Duluth**, is the recipient of the **\$1,500 Barr Engineering Scholarship**.
- Barr Engineering Company is an employee owned consulting firm providing engineering and environmental services to industrial clients in power, mining, refining and manufacturing, and to attorneys, government agencies and natural-resource-management organizations. Barr's more than 700 engineers, scientists and technical specialists help clients develop, manage, and restore natural resources across the Midwest, throughout the Americas, and around the world. For more information, visit www.barr.com.

Boston Scientific Scholarship

- **Elia Zanella**, a mechanical engineering student from the **University of Minnesota Twin Cities**, is the recipient of the **\$1,000 Boston Scientific Scholarship**.
- Boston Scientific is a worldwide developer, manufacturer and marketer of medical devices who, for more than 25 years, has advanced the practice of less-invasive medicine by providing a broad and deep portfolio of innovative products, technologies and services. For more information, visit www.bostonscientific.com.

GE Women's Network Engineering Scholarship

- **McKenzie van der Hagen**, a computer engineering student from the **University of Minnesota Twin Cities**, is the recipient of the **\$1,500 GE Women's Network Engineering Scholarship**.
- The GE Women's Network supports the professional development of women working at GE by sharing the wisdom of successful women role models: <http://www.ge.com/careers/culture/diversity/womens-network>. GE works on things that matter: the best people and technologies taking on the toughest challenges, to find solutions in energy, health and home, transportation and finance.

Hormel Foods Scholarship

- **Elizabeth Drantch**, a chemical engineering student from the **University of Minnesota Twin Cities**, is the recipient of a **\$1,000 Hormel Foods Scholarship**.
- **Rachel Kagan**, a chemical engineering student from the **University of Minnesota Twin Cities**, is the recipient of a **\$1,000 Hormel Foods Scholarship**.
- Hormel Foods is a multinational manufacturer and marketer of high-quality, brand-name food and meat products for consumers throughout the world. For more information, visit www.hormelfoods.com.

Medtronic SWEnet Scholarship

- **Amy Enrooth**, a mechanical engineering student from the **University of Minnesota Duluth**, is the recipient of a **\$2,000 Medtronic SWEnet Scholarship**.
- **Alicia Kennedy**, a biomedical engineering student from the **University of Minnesota Twin Cities**, is the recipient of a **\$2,000 Medtronic SWEnet Scholarship**.
- **Jessica Young**, a materials science and engineering student from the **University of Minnesota Twin Cities**, is the recipient of a **\$2,000 Medtronic SWEnet Scholarship**.
- SWEnet is a professional network of Society of Women Engineers members who work at Medtronic, the global leader in medical technology, working to change the face of chronic disease. These dedicated women have donated their time and talents to create this scholarship opportunity. For more information, visit www.medtronic.com.

SEH Scholarship

- **Kelsey Fritze**, a civil engineering student from **North Dakota State University**, is the recipient of a **\$1,000 SEH Scholarship**.
- **Ashley Murr**, a civil engineering student from the **University of Minnesota Duluth**, is the recipient of **\$1,000 SEH Scholarship**.
- SEH is an employee-owned engineering, architectural, environmental, and planning company that helps government, industrial, and commercial clients find value-added solutions. SEH has a company-wide commitment to improving the quality of life by designing safer, more sustainable infrastructure for local, state and federal units of government and helping industrial and commercial clients achieve their business goals. In short, SEH is focused on Building A Better World for All Of Us®. For more information, visit <http://www.sehinc.com>.

UTC Aerospace Systems Scholarship

- **Rochelle Brooks**, a mechanical engineering student from the **University of Minnesota Twin Cities**, is the recipient of the **\$1,500 UTC Aerospace Systems Scholarship**.
- UTC Aerospace Systems is one of the world's largest suppliers of technologically advanced aerospace and defense products. Our customers include original equipment manufacturers that build aircraft and helicopters, engine manufacturers, and airlines, as well as defense agencies and contractors. Our commitment is to help them develop and maintain safer, lighter, more reliable and more efficient aircraft and other platforms. For more information, visit www.utcaerospace.com

The Minnesota Section Scholarship

- **Rena Weis**, an environmental engineering student from the **University of Minnesota Twin Cities**, is the recipient of the **\$1,500 Minnesota Section Scholarship**.
- This scholarship is funded by an endowment of the Minnesota Section of SWE.

Congratulations to these outstanding women engineering students!
